BENEFITS AVAILABLE UNDER THE PLAN

1. Death Benefit:

Payable on death of the Life Insured provided the Policy is in-force.

- For Wealth Variant and Wealth Whole Life Variant:** On death of the Life Insured anytime during the term of the policy, the death benefit payable shall be the highest of the following benefits:
 - Sum Assured chosen at inception or annualized / single premium chosen at inception times cover multiple (reduced by applicable partial withdrawals, if any) ; or
 - 105% of Total Premiums Paid up to the date of death of Life Insured (reduced by applicable partial withdrawals, if any; or
 - the total Fund Value (as on the date of intimation of death of the Life Insured)

For both variants, the policy terminates on the death of life insured. Please note that the 'applicable partial withdrawals' mentioned above refers to all the partial withdrawals (including Smart Withdrawals) made during the two years' period immediately preceding the death of the Life Insured.

Further any applicable charges other than Fund Management Charges (FMC) recovered subsequent to the date of death shall be added back to the fund value as available on the date of intimation of death.

- For 'Gold Variant' or 'Platinum Variant' or 'Titanium Variant':** On death of the Life Insured anytime during the term of the policy, the death benefit payable to the claimant shall be the sum of the following:
 - Lump Sum Benefit:** Higher of Sum Assured chosen at inception (or annualized premium chosen at inception times cover multiple) or 105% of the total premiums paid up to the date of death (whichever is applicable plus
 - Family Income Benefit**(applicable for Gold and Platinum variants only): A Family Income Benefit equal to 1% of the Sum Assured chosen at inception (or annualized premium chosen at inception times cover multiple) will be paid each month starting from the policy anniversary date of every month following or coinciding with the date of death of the life insured till the end of the policy term (including the payout at the maturity date), subject to a minimum of 36 monthly payments and a maximum of 120 monthly payments. In case of death of life insured with less than 36 months left till the end of policy term, there will be a lump sum payment of remaining instalments (36 less monthly instalments already paid) with the last monthly payout at the maturity date. For example - For a policy with policy term of 10 years, if the life insured dies in 9th policy year, then 12 instalments each equal to 1% of Sum Assured chosen at inception (or annualized

premium chosen at inception times cover multiple) will be paid each month starting from the 9th policy anniversary till the end of policy term and remaining 24 instalments each equal to 1% of Sum Assured chosen at inception (or annualized premium chosen at inception times cover multiple) will be paid on the date of maturity of the plan. **Plus**

- iii. **Funding of Premium:** The Company will fund X times (where X=1,2 or 3 for Gold, Platinum & Titanium variants respectively) of all future outstanding premiums as and when due under the policy on each future premium due date(s). Fund Value as on the date of maturity will be paid at the end of the policy term.

Following the Life Insured's death, allocation charge (if any) shall be deducted on the full funded amount (i.e. for X = 1,2 or 3 for Gold, Platinum & Titanium variants respectively) and the Policy Administration charge on 1 times of the Annualized premium. Further any mortality charges recovered subsequent to the date of death shall be added back to the fund value as available on the date of intimation of death.

For these variants, the policy will continue even after the death of the Life insured till the end of the policy term. Lump sum benefit shall be payable immediately on death.

All the benefits under the Policy shall be payable to the nominee. The nominee will have the flexibility to avail Switching & Premium Re-Direction after the death of Life Insured. However, the nominee shall not be entitled to exercise Partial Withdrawals, Settlement Option or Surrender the Policy.

2. Maturity Benefit:

Upon maturity, if the Life Insured is alive (except where the 'Gold Variant' or 'Platinum Variant' or 'Titanium Variant' has been opted, in case of death of Life Insured, the maturity benefit will be paid to the claimant) and the policy is in force or if this policy is a paid-up Policy, then, the Fund Value applicable on the Maturity Date shall be payable. You will have the option to receive the Maturity benefit as lump sum or as a systematic payout for a maximum of five years under Settlement Option.

The maturity benefit is equal to the Fund Value, where:

Fund Value = Summation of Number of Units in Fund(s) multiplied by the respective NAV of the Fund(s) as on the date of maturity.

In case the date of maturity is on a non-working day for the markets, then next working day's NAV will be applicable.

3. Other Benefits

a) Return of Policy Administration Charges

A fixed percentage of total Policy Administration Charges deducted shall be added back as Return of Policy Administration Charge to the Fund Value at maturity or at end of (85 less Age at entry)th policy year, whichever is earlier provided the policy is in force and all due premium(s) have been paid.

The table below details the structure of Return of Policy Administration Charges

Policy Term	For policy term (PT) < 15 years	For policy term (PT) >= 15 years
Return of Policy Administration Charge %	125% of total Policy Administration charge deducted throughout PT (i.e. till maturity date)	150% of total Policy Administration charge deducted throughout PT (i.e. till maturity date)

Kindly note the following:

- Additional units shall be created in different funds in the same proportion as the fund value on the date Return of Charges (ROC) are to be paid by the Company.
- RoC shall not be applicable in case of a Surrendered, Discontinued or Reduced Paid-up policy and shall be added back at the time of revival, if all due premiums under the policy have been paid up to due date of addition.
- RoC shall be applicable for all the plan variants.
- RoC shall be applicable at maturity in case of a death policy for Gold, Platinum & Titanium variants

b) Women Empowerment Benefit

An amount equivalent to 1% of the Annualized Premium under Limited/Regular Pay or 0.50% of the Single Premium under Single Pay shall be added to the Fund Value at the time of allocation of the first policy year's premium or Single Premium, as applicable. The allocation shall be made in accordance with the premium payment frequency of the annualized premium chosen at inception.

This extra allocation is exclusively available for female lives and shall be applicable under all the variants and all PPT modes. Any refund of premium due to free look cancellation or suicide (within the first 12 months from the date of commencement of risk or revival) shall be net of any women empowerment benefit.

c) Existing Customer Benefit

This is an additional booster only for Existing customers wherein a fixed percentage of Annualized/Single Premium shall be payable at the end of Policy Term (i.e. on Maturity) or at end of (85 less Age at entry)th policy year, whichever is earlier provided all due premium(s) have been paid. This benefit shall be available under all the variants of this product subject to eligibility conditions.

The booster percentage shall be as follows:

Policy Term	Existing Customer Benefit
Policy Term less than 20 years	2.5% of Annualized/Single Premium
Policy Term greater than or equal to 20 years	5.0% of Annualized/Single Premium

This booster shall be subject to the following conditions:

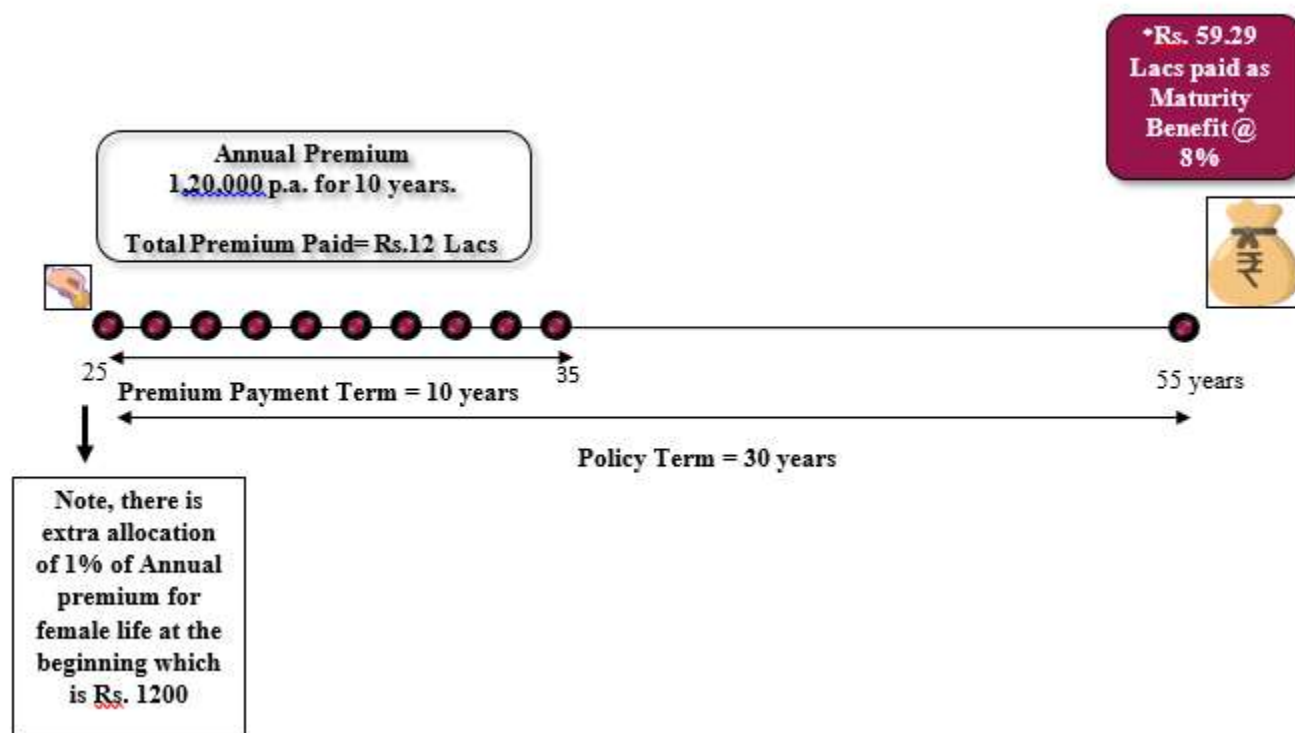

- The customer has to declare that he is an existing customer at the time of purchase of policy (i.e. before paying any premium) and share his/her existing policy details and other inputs (i.e. policy number or date of birth/phone number/PAN) in order to capture and validate the existing customer tagging in the systems.
- If validation is successful, only then the above mentioned booster, as applicable, shall be added to the Fund value at the time of maturity at end of (85 less Age at entry)th policy year, whichever is earlier.
- In case of non-declaration of Existing Customer status at the inception or invalidation of Existing customer tagging process, no Existing Customer Benefit shall be applicable.
- Additional units shall be created in different funds in the same proportion as the fund value on the date booster is to be paid by the Company.
- ECB shall not be applicable in case of a Surrendered, Discontinued or Reduced Paid-up policy. The ECB shall be payable for a revived policy if all due premiums under the policy have been paid up to due date of addition.
- ECB shall be applicable in case of a death policy for Gold, Platinum & Titanium variants.

SAMPLE ILLUSTRATIONS

Let us understand the product benefits better with a few illustrations.

Example 1 (Wealth Variant):

Ms. Sharma, a 25-year-old professional who has recently started her career in an MNC, wants to begin investing early so she can build a sizable corpus by the time she turns 55. Her goal is to purchase her dream car in the future, and she also wants to ensure that in case of an unfortunate event, her parents receive a lump-sum amount that can support their peaceful retirement. She decides to invest ₹1,20,000 annually for 10 years in High Growth Fund II (100%), and the policy term is of 30 years, Cover multiple: 10 times of Annualized Premium:

The followings funds may also use equity derivatives for hedging, efficient portfolio management, and optimizing returns, in line with IRDAI regulations and the fund's risk management framework:

1. High Growth Fund II
2. Diversified Equity Fund II
3. Growth Super Fund II

Derivative Exposure limits would be governed by the Board Approved Hedging Policy (for Equity Derivatives) and will adhere to the regulatory limits/framework prescribed by IRDAI.

Let's understand through different illustrations in below section

Equity Derivative for Hedging Purposes:

While creating a diversified portfolio helps reduce stock-specific risks, to protect portfolio returns from systematic risks, the funds may resort to hedging through Index/Stock Futures or Index/Stock Options as stipulated by IRDAI. This helps reduce market risk and volatility for policyholders. We will be complying to the exposure limits as prescribed by IRDAI guidelines.

Illustration of Futures

Assume a portfolio of ₹50,00,000. If we anticipate volatility in the markets, we may hedge the portfolio with Index Futures as per IRDAI guidelines. For example, we hedge the portfolio by selling Index Futures of Nifty MidCap.

-Let's assume Current Index Level is ₹15,000

- Lot Size: 140

- Value of 1 Lot:

$$₹15,000 \times 140 = ₹21,00,000$$

Since we are holding a long position in the stock portfolio, we will take an opposite position to hedge it.

- Sell 1 lot of Nifty MidCap Index Futures worth ₹21,00,000

- Remaining unhedged portion = ₹50,00,000 – ₹21,00,000 = ₹29,00,000

-If Market Falls by 10%

Loss from Portfolio:

$$10\% \text{ of } ₹50,00,000 = ₹5,00,000$$

Profit from Short Position in Index Futures:

-Futures also fall by 10%

Initial Futures Value = ₹21,00,000

New Futures Value = ₹18,90,000

$$\text{Gain} = ₹21,00,000 - ₹18,90,000 = ₹2,10,000$$

Overall Loss Reduced To:

$$₹5,00,000 - ₹2,10,000 = ₹2,90,000$$

This was possible because the portfolio was carefully hedged with Index Futures before the market crash and Similar illustration applies for selling stock futures.

Illustration of Stock Options

Assume a scenario where we are long on a particular stock "B" in the cash market.

- Let's assume the current Price to be ₹250

- Quantity: 8,000 shares

- Portfolio Value: ₹20,00,000

- Put Option Premium: ₹6 per share

Due to uncertainty, we expect adverse impact on the stock price. As per IRDAI guidelines, we can buy a Put Option of that stock in the derivatives market.

Case 1: Stock Price Moves Up to ₹270

- Cash Market Profit: ₹20 per share = ₹1,60,000
- Loss on Put Premium: ₹48,000
- Net Profit: ₹1,12,000

Case 2: Stock Price Falls to ₹230

- Cash Market Loss: ₹1,60,000
- Put Option Gain: ₹1,60,000 – ₹48,000 = ₹1,12,000
- Net Loss: ₹48,000 only

Case 3: Stock Price Remains ₹250

- Cash Market Impact: ₹0
- Premium Loss: ₹48,000
- Net Loss: ₹48,000

Similar illustrations applies for selling an Index Option.

Switching and premium redirection facility can be availed anytime under this strategy.

Please note that if the policyholder had chosen Self-Managed Investment Strategy at inception then he/she cannot switch to any other investment strategy as all other strategies are available at inception only.

Secure plus fund is not available for policyholder to be chosen in this strategy.

- **Systematic Transfer Plan (STP)**

This option can be chosen by the policyholder only if annual pay mode of premium frequency has been chosen. The annual premium received net of the premium allocation charge and GST shall be allocated first to Secure Plus Fund i.e. units will be purchased in Secure Plus Fund based on the applicable NAV at that time.

Immediately thereafter and on each subsequent monthly anniversary, units available in Secure Plus Fund will be systematically transferred to any of the equity-oriented funds (to be chosen at inception of policy) based on the below formula:

$[1 / (13 - \text{month number in the policy year})]$

E.g.:

Policy month 1: $1/(13-1) = 1/12^{\text{th}}$ of the Units to be switched

Policy month 2: $1/(13-2) = 1/11^{\text{th}}$ of the Units to be switched

Policy month 11: $1/(13-11) = 1/2$ of the Units to be switched

Policy month 12: $1/(13-12) = \text{Balance Units}$ to be switched

Units shall be transferred to chosen equity oriented funds automatically by cancelling units in Secure Plus Fund, and purchasing units in the chosen equity oriented funds based on the applicable NAV at that time. This shall continue till the availability of units in Secure Plus Fund.

The following would be applicable under STP.

- Systematic Transfer Plan can be opted by the policyholder at inception only.
- Equity oriented funds can be chosen by the policyholder at inception only.
- Policyholder does not have the option to redirect premiums or effect unit switches during the period this option is in-force.
- Policyholder can opt out of this strategy by giving a request anytime, which would be effective from subsequent policy anniversary. Policyholder will automatically be moved to Self-Managed strategy with choice of his/her own funds when he/she exits this strategy. Once opted out, policyholder cannot opt into this strategy again throughout the course of the policy.
- During the period when Systematic Transfer Plan is in force, partial withdrawal and smart withdrawal shall not be permitted from Secure Plus Fund.
- In case the Policyholder fails to pay the due Annual Premium within the grace period, the Systematic Transfer Plan shall cease to apply and the Annual Premium received after the expiry of grace period shall be allocated to the chosen equity oriented Fund or any other fund of the Policyholder's choice. Hence, Policyholder has an option to choose the fund of his/her choice in case the premium is paid after the expiry of grace period. In case there is no such request from the Policyholder, premium automatically gets allocated

to chosen equity oriented Fund. The Systematic Transfer Plan option shall be automatically applied for all future Annual Premiums received thereafter but within the grace period, unless advised otherwise.

- At the time of revival, the premium(s) received and the fund value in Discontinuance Policy Fund, if any, shall be allocated in chosen equity oriented funds. Thereafter, from next premium onwards, STP will be executed as applicable.
- In case the policy anniversary happens on a non-working day for the markets then next working day's NAV will be applicable.

Equity Oriented fund are as follows:

• Lifecycle Based Portfolio Strategy

In this investment strategy the investments will be distributed between Fund 1 & Fund 2 with their proportions varying as per the different life stages. Fund 1 would essentially be an Equity oriented fund whereas Fund 2 would be a Debt oriented fund. Policyholder can choose Fund 1 and Fund 2 from the available options as described below. Once chosen, the fund cannot be changed throughout the course of the policy.

Fund options for Fund 1:

- Diversified Equity Fund II (SFIN: ULIF04317/12/25DIVIEQUITY104)
- Growth Super Fund II (SFIN: ULIF04217/12/25GROWTHSUPR104)
- Growth Fund (SFIN: ULIF00125/06/04LIFEGROWTH104)

Fund options for Fund 2:

- Conservative Fund (SFIN: ULIF00325/06/04LIFECONSER104)
- Secure Fund (SFIN: ULIF00425/06/04LIFESECURE104)
- Secure Plus Fund (SFIN: ULIF01628/04/09LIFESECPLS104)

At inception, the premium received net of premium allocation charges and GST will be distributed between the two funds based on life assureds' entry age as per the table below. The attained age shall be checked at every policy anniversary and the funds will be re-distributed according to the attained age as given in following table:

Age last birthday	Proportion in Fund 1	Proportion in Fund 2
Up to 25	85%	15%
26-30	80%	20%
31-35	75%	25%
36-40	70%	30%
41-45	65%	35%
46-50	50%	50%
51-55	35%	65%
56 and above	30%	70%

On an annual basis (i.e. every policy anniversary), the fund value shall be rebalanced to achieve above proportions even if there's no change in the age band. The rebalancing will be done on each policy anniversary except for the last policy anniversary i.e. there will be no rebalancing done in the (Policy Term-1)th year.

In the last 12 policy months, the remaining investments from Fund 1 will be systematically transferred to the Fund 2 in 12 instalments. This is to obtain fund conservation towards maturity.

Units available in Fund 1 will be transferred to Fund 2 based on the below formula on each subsequent monthly anniversary:

$[1 / (13 - \text{month number in the last policy year})]$

E.g.: In the last policy year of the policy starting from 1st month:

Policy Month 1: $1/(13-1) = 1/12^{\text{th}}$ of the Units to be switched

Policy Month 2: $1/(13-2) = 1/11^{\text{th}}$ of the Units to be switched

Policy Month 11: $1/(13-11) = 1/2$ of the Units to be switched

Policy Month 12: $1/(13-12) = \text{Balance Units}$ to be switched

Units shall be transferred to Fund 2 automatically by cancelling units in Fund 1, and purchasing units in the Fund 1 based on the applicable NAV at that time. This shall continue till the availability of units in Fund 1.

The following would be applicable if this strategy is opted in by the policyholder.

- This strategy can be opted in by the policyholder at inception only.
 - If premium is received on any date later than premium due date or other than policy anniversary but before the expiry of grace period, it shall be allocated as per the proportion applicable on the last policy anniversary.
 - No switches or premium redirections would be applicable under this strategy.
 - Policyholder can opt out of this strategy by giving a request anytime, which would be effective from subsequent policy anniversary. Policyholder will automatically be moved to Self-Managed strategy with choice of his/her own funds when he/she exits this strategy. Once opted out, policyholder cannot opt into this strategy again throughout the course of the policy.
 - In case policyholder opts for a partial withdrawal or smart withdrawal, withdrawal will happen from all underlying funds in the same proportion as the proportion of total fund value at that time. The policyholder will not be allowed to choose any specific fund from which the partial withdrawal or smart withdrawal can be made.
 - At the time of revival, the premium(s) received and the fund value in Discontinuance Policy Fund, if any, will be allocated as per the proportion applicable on the last policy anniversary.
 - In case the policy anniversary happens on a non-working day for the markets then next working day's NAV will be applicable.
- **Trigger Based Portfolio Strategy**
Within this strategy, any premium paid by the policyholder will be allocated to two funds – Fund 1 and Fund 2- in a 75% : 25% proportion. The fund allocation may subsequently fluctuate due to market movements. The policyholder's portfolio will be re-balanced and the funds would be re-allocated based on a pre-defined trigger event which would be checked at every monthly anniversary of the policy. This trigger event is defined as an upward movement of x% upward movement in NAV of Fund 1, since the previous rebalancing. For determining the first trigger event, the movement of x% in NAV of Fund 1 will be measured vis-à-vis the NAV at the inception of the strategy in the policy; where x can be 10% or 15% or 20% (to be chosen by policyholder).
On the occurrence of the trigger event, any Fund Value of Fund 1 which is in excess of three times the Fund Value of Fund 2 is considered as gains and is switched to the Fund 2. This ensures that gains are capitalized, while maintaining the asset allocation between Fund 1 and Fund 2 in the proportion of 75:25. Fund 1 would essentially be an Equity oriented fund whereas Fund 2 would be a Debt oriented fund. Policyholder can choose Fund 1 and Fund 2 from the available options as described below. Once chosen, the fund cannot be changed throughout the course of the policy.
Fund options for Fund 1:
a) Diversified Equity Fund II (SFIN: ULIF04317/12/25DIVIEQUITY104)
b) Growth Super Fund II (SFIN: ULIF04217/12/25GROWTHSUPR104)

c) Growth Fund (SFIN: ULIF00125/06/04LIFEGROWTH104)

Fund options for Fund 2:

- a) Conservative Fund (SFIN: ULIF00325/06/04LIFECONSER104)
- b) Secure Fund (SFIN: ULIF00425/06/04LIFESECURE104)
- c) Secure Plus Fund (SFIN: ULIF01628/04/09LIFESECPLS104)

Such rebalancing ensures that gains are capitalized and protected from future equity market fluctuations, while maintaining the asset allocation between Fund 1 and Fund 2 at 75%:25%.

The following would be applicable if this strategy is opted in by the policyholder.

- This strategy can be opted in by the policyholder at inception only. If chosen, the trigger event is also to be stated by policyholder at inception. The trigger cannot be changed in between policy term.
- If premium is received on any date later than premium due date or other than policy anniversary but before the expiry of grace period, it shall be allocated into the two chosen funds – Fund 1 and Fund 2- in a 75%: 25% proportion.
- No switches or premium redirections would be applicable under this strategy.
- Policyholder can opt out of this strategy by giving a request anytime, which would be effective from subsequent policy anniversary. Policyholder will automatically be moved to Self-Managed strategy with choice of his/her own funds when he/she exits this strategy. Once opted out, policyholder cannot opt into this strategy again throughout the course of the policy.
- In case policyholder opts for a partial withdrawal or smart withdrawal, withdrawal will happen from all underlying funds in the same proportion as the proportion of total fund value at that time. The policyholder will not be allowed to choose any specific fund from which the partial withdrawal or smart withdrawal can be made.
- At the time of revival, the premium(s) received and the fund value in Discontinuance Policy Fund, if any, shall be allocated into the two chosen funds – Fund 1 and Fund 2- in a 75%: 25% proportion.
- In case the policy anniversary happens on a non-working day for the markets then next working day's NAV will be applicable.

• **Dynamic Fund Allocation (DFA) strategy**

Under this strategy, switching of existing fund value shall happen on the policy anniversary and allocation of premium received between funds shall happen on the date of receipt of such premium in the proportion mentioned in the table below.

DFA for all variants will work as shown in the table below:

Years to maturity	Proportion in Growth Super Fund II	Proportion in Secure Fund
16 and further	80%	20%
11 to 15	60%	40%
6 to 10	40%	60%
0 to 5	20%	80%

The following would be applicable if this strategy is opted in by the policyholder.

- This strategy can be opted by the policyholder at inception only.
- If premium is received on any date later than premium due date or other than policy anniversary but before the expiry of grace period, it shall be allocated as per the proportion applicable on the last policy anniversary.
- No switches or premium redirections would be applicable under this strategy.
- Policyholder can opt out of this strategy by giving a request anytime, which would be effective from subsequent policy anniversary. Policyholder will automatically be moved to Self-Managed strategy with choice of his/her own funds when he/she exits this strategy. Once opted out, policyholder cannot opt into this strategy again throughout the course of the policy.
- In case policyholder opts for a partial withdrawal or smart withdrawal, withdrawal will happen from all underlying funds in the same proportion as the proportion of total fund value at that time. The policyholder

will not be allowed to choose any specific fund from which the partial withdrawal or smart withdrawal can be made.

- At the time of revival, the premium(s) received and the fund value in Discontinuance Policy Fund, if any, shall be allocated as per the proportion applicable on the last policy anniversary.
- In case the policy anniversary happens on a non-working day for the markets then next working day's NAV will be applicable.

TAX BENEFITS

Tax benefits are subject to the changes in tax laws. You may be entitled to certain applicable tax benefits on your premiums and policy benefits. Please note that all the tax benefits are subject to the tax laws prevailing at the time of payment of premiums or receipt of benefits by you. You may seek an independent advice on tax benefits from your tax advisor. GST applicable on premium as per the prevailing tax laws.

FLEXIBILITIES OFFERED

1. Switch

The Policyholder can switch from one fund to another, subject to a minimum switch amount of Rs.500, by cancelling units in a fund and creating units in another fund where the Policyholder chooses to reinvest. There is no limit on number of switches done in a policy year i.e. the Policyholder may switch any number of times without any charges being levied.

Switches will be allowed during the settlement period. Following receipt of your written notice, we will redeem the Units in the Fund you wish to switch from and purchase Units in the Fund you wish to switch to at the prevailing NAV. You shall not be allowed to exercise this option during the period of discontinuance in first five years of the policy.

2. Premium Redirection

You can redirect the premium between available funds at any time by submitting a written request to us before the premium due date. You will need to notify us of the amount / proportion of premium to be paid into each fund at the time of redirection. There is no cap on the number of premium redirection during a year and all are free of charge.

3. Partial Withdrawal

You can make partial withdrawals which will be affected by cancelling units' subject to the following conditions:

- No Partial Withdrawals are allowed in the first five (5) policy years and thereafter unlimited partial withdrawals are allowed in a policy year. There is no charge on partial withdrawals.
- The minimum amount of partial withdrawal allowed per transaction is Rs. 5,000.
- Partial withdrawals are allowed only if the Life Assured is at least 18 years of age.
- In a policy year, the maximum amount that can be partially withdrawn is 50% of fund value in case of Limited/Regular Pay or 25% of fund value in case of Single Pay subject to the fund value immediately after partial withdrawal being at least equal to 2 Annualized Premium in case of Limited/Regular Pay or 25% of Single Premium in case of Single Pay. i.e., a Policyholder may make any number of partial withdrawals in a policy year such that the summation of percentage of Fund Value withdrawn, is less than or equal to 50% for Limited/Regular Pay and 25% for Single Pay.
- Partial withdrawal will not be allowed if it results in termination of the policy.
- The Sum assured chosen at inception (or annualized/ single premium chosen at inception times cover multiple) will reduce to the extent of the partial withdrawals made during the two years' period immediately preceding the death of the Life Insured for Wealth & Wealth Whole Life variants only.
- The policyholder shall not be allowed to exercise this option during the period of discontinuance and settlement period.

4. Smart Withdrawal

This facility is provided to the policyholder to systematically withdraw from his/her fund value as per their needs. Under this facility a pre-determined percentage of the fund value can be withdrawn from the fund value regularly. The below conditions shall be applicable for Smart Withdrawals:

- The facility is available only if the life insured has completed 18 years of age.

- Smart Withdrawals will be allowed only if all due premiums have been paid.
- The facility can be opted either at the inception of the policy or later anytime during the policy term.
- The policyholder can opt for the amount of withdrawal expressed as a percentage of fund value subject to a maximum of 12% p.a.
- The percentage of withdrawal can be chosen only in integer values. Thus, a percentage of 1.2% p.a. is not allowed. The Smart Withdrawal shall start post completion of 5 policy anniversaries or end of premium payment term, whichever is later, as chosen by the customer.
- The frequency of Smart Withdrawals can be annual, semi-annual, quarterly and monthly as chosen by the policyholder. The pay-outs will be made on the same date as the policy anniversary, however the frequency will be as chosen by policyholder.
- In any particular year, the amount of Smart Withdrawal equal to the chosen percentage of the fund, shall happen only if the fund value immediately after the smart withdrawal is greater than or equal to 2 Annualised Premium in case of Limited/ Regular Pay or 25% of Single Premium in case of Single Pay
- In any particular year, the Smart Withdrawal amount shall be limited to an amount such that the residual fund value is at-least equal to 2 Annualised Premiums Premium in case of Limited/Regular Pay or 25% of Single Premium in case of Single Pay, and the policy and Smart Withdrawal option shall continue.
- If at a particular time, the withdrawal does not happen due to minimum fund value condition, the Smart Withdrawal option will cease. The policyholder will have to request the Company to start Smart Withdrawal again.
- The Sum assured chosen at inception (or annualised/ single premium chosen at inception times cover multiple) will reduce to the extent of the smart withdrawals made during the two years' period immediately preceding the death of the Life Insured for Wealth & Wealth Whole Life Variants only.
- In the event of Policyholder's death and if the Funding of Premium option has been selected or if the policy is continued by the claimant, the Smart Withdrawal facility shall be discontinued upon intimation of death.
- The policyholder can modify or opt-out of this facility anytime as per his/her convenience. The change of opting in for Smart Withdrawals will be effective from the next policy anniversary. The change of opting out of Smart Withdrawal shall be effective immediately.
- All applicable charges including the mortality charges will be deducted during the period.
- Any change in the frequency and percentage of Smart Withdrawal will be effective from the next policy anniversary.
- In case the policy has converted to a paid-up policy, the Smart Withdrawals will cease.

Both partial withdrawal and Smart Withdrawal can be availed simultaneously i.e. the Smart Withdrawal shall continue even if the customer opts for partial withdrawal, subject to the conditions as mentioned above.

5. Additional Rider Benefits with

- Axis Max Life Critical Illness and Disability Secure Rider (UIN: 104A034V02):** This rider provides benefit upon diagnosis of any of the critical illnesses covered.
- Axis Max Life Smart Ultra Protect Rider (UIN: 104A049V02):** This rider provides following rider benefit variants:
 - Rider benefit variant 1 - Term Booster with Accelerated Terminal Illness:** provides additional lump sum benefit in the case of death or diagnosis of Terminal Illness of the Life Insured, whichever is earlier.
 - Rider benefit variant 2 - Accidental Death Benefit:** provides additional lump sum benefit in the case of death due of accident of the Life Insured.
 - Rider benefit variant 3 - Accidental Total and Permanent Disability:** provides additional lump sum benefit in the case of occurrence of total and permanent disability to the Life Insured due to accident.
 - Rider benefit variant 4 – Payor Benefit:** provides funding of all future outstanding base premiums and waiver of all the future premiums under all attached riders in the case of death or diagnosis of Terminal Illness of the policyholder whichever is earlier. This rider variant shall not be available for Gold/Platinum/Titanium variants.

Please note the following:

1. The rider policy term and rider premium payment term would be equal to the corresponding outstanding base policy term and premium payment term, subject to the maximum term and PPT available under the rider i.e. rider will not be offered if the term of the rider exceeds outstanding term under the base policy.
2. The premium pertaining to health related or critical illness riders shall not exceed 100% of premium under the base product
3. Any benefit arising under each of the above mentioned riders shall not exceed the sum assured under the base product except for Accidental death benefit riders where the rider sum assured is limited to a maximum of three times of base sum assured.
4. The rider can be attached any time during the premium payment term of the base plan, subject to minimum applicable premium payment term and policy term of the rider.
5. In case of change of sum assured chosen at inception (or premium chosen at inception times cover multiple), policy term, premium payment term or annualized premium and the change results in corresponding rider specifications exceeding / breaching the above conditions post any change to the base product, the rider shall be terminated and exit/surrender value (if any) shall be payable.
6. Refer to Axis Max Life Critical Illness and Disability Secure Rider Prospectus document for more details.
7. Refer to Axis Max Life Smart Ultra Protect Rider prospectus for more details

6. Settlement Option

You can opt for a settlement option, in which case the policy will continue after the maturity date for a period not exceeding 5 years from the maturity date.

The settlement option, if opted by the policyholder, shall entitle the policyholder to receive periodical payments (i.e. annual, semi-annual, quarterly or monthly) of unit fund value by cancellation of units at their prevailing NAV.

Units payable under each instalment will be equal to:

Number of units before payment of instalment / Number of remaining instalments

The first instalment under settlement option shall be payable on the date of maturity.

During the settlement period, partial withdrawals and smart withdrawals will not be allowed. Switches will be allowed during the settlement period. The Unit Account continues to operate during the settlement period and all inherent investment risks shall continue to be borne by the policyholder. Fund Management Charges, switching charges (if any) and mortality charge on death benefit will be deducted during this period.

The policyholder can opt out of the Settlement option at any time whereupon the Company shall close the Unit Account and pay the fund value to the policyholder.

In case of death of the Life Insured during the settlement period, the Company will pay Unit Fund Value prevailing as on the date of intimation of death of the Life Insured and any charges other than fund management charge, recovered subsequent to the date of death shall be added back to the fund value as available on the date of intimation of death, subject to a minimum of 105% of total premiums paid.

7. Premium Reduction

The policyholder, on completion of first five policy years, has an option to decrease the premium up to 50% of the original Annualized Premium, subject to the minimum premium limit, provided all due premiums have been paid. The policyholder must inform the Company of the decision to exercise this option, at least 15 days prior to the premium due date.

The premium reduction option will be subject to the following conditions:

- Premium reduction option can be opted only once during the term of the contract, and premium once reduced, cannot be subsequently increased.
- Sum Assured will be reduced by the same proportion as the reduction in premium. Benefits shall be revised subject to the minimum death benefit. The Sum Assured of attached Rider (if any) and the rider premium will also be reduced by the same proportion, subject to the regulatory boundary conditions for riders. If the revised rider benefit is not within the prescribed limits, the rider benefit will be terminated and termination conditions of the rider shall apply.
- Charges will be levied as per the new reduced sum assured and new reduced premium, wherever applicable.
- Family Income Benefit will be determined using the new reduced sum assured.

- Funding of Premium benefit will fund all future outstanding reduced premiums as and when due under the policy

SURRENDER/DISCONTINUANCE TERMS

What happens when you surrender the policy?

At any time during the Policy Term, you have the right to surrender the policy by advising the Company in writing. The surrender benefit is equal to Fund Value less applicable surrender / discontinuance charges.

A) Surrender within five years of Effective Date of the policy (i.e. within the Lock-in Period)

In case you surrender the policy within the Lock-in-Period, the Company will credit the Fund Value by creation of units into the Discontinuance Policy Fund after deducting applicable Surrender / Discontinuance Charges.

At the expiry of five years from the effective date of the policy (i.e. at the expiry of the Lock-in Period), we will close the Unit Account and pay you the value of units in the Discontinuance Policy Fund as at that date and the policy will terminate.

From the Date of Discontinuance, the risk cover under the policy and any attached rider will stop and no further charges will be levied by the Company other than the Fund Management Charge applicable on the Discontinuance Policy Fund, i.e. 0.5% p.a. currently. In the case of surrender within the lock-in period, Date of Discontinuance is defined as the date of surrender as requested by You.

In case the Life Insured dies anytime within the lock-in period after the Date of Discontinuance, the Company shall pay the Fund Value as on the date of intimation of death.

B) Surrender after five years of Effective Date of the policy (i.e. after the completion of Lock-in Period)

We shall close the Unit Account and pay the Surrender Value which is equal to the Fund Value of the Units in the Segregated Fund(s) on the date of receipt of surrender request and the policy shall terminate thereafter.

Please note, policy once surrendered, cannot be revived.

What happens when you discontinue paying the premiums?

In case the premium is not paid by the premium due date, a Grace Period of 30 days (15 days for monthly mode) from the due date of first unpaid premium will be allowed. During this Grace Period, the risk cover will continue and all charges under the policy will continue to apply.

In case the premium is not paid by the expiry of the Grace Period, the following provisions will apply:

A) Discontinuance of payment of premium during first five policy years (Lock-in Period)

- For other than single premium policies, upon expiry of the grace period, in case of discontinuance of policy due to non-payment of premium, the fund value after deducting the applicable discontinuance charges, shall be credited to the discontinued policy fund and the risk cover and rider cover, if any, shall cease.
- All such discontinued policies shall be provided a revival period of three years from date of first unpaid premium. On such discontinuance, Insurer shall communicate the status of the policy, within three months of the first unpaid premium, to the policyholder and provide the option to revive the policy within the revival period of three years.
 - In case the policyholder opts to revive but does not revive the policy during the revival period, the proceeds of the discontinued policy fund shall be paid to the policyholder at the end of the revival period or lock-in period whichever is later. In respect of revival period ending after lock-in period, the policy will remain in discontinuance fund till the end of revival period. The Fund management charges of discontinued fund, i.e., 0.5% p.a. currently, will be applicable during this period and no other charges will be applied.
 - In case the policyholder does not exercise the option as set out above, the policy shall continue without any risk cover and rider cover, if any, and the policy fund shall remain invested in the discontinuance

fund. At the end of the lock-in period, the proceeds of the discontinuance fund shall be paid to the policyholder and the policy shall terminate.

However, the policyholder has an option to surrender the policy anytime by advising the company in writing and proceeds of the discontinued policy shall be payable at the end of lock-in period or date of surrender whichever is later.

- c) In case of Single premium policies, the policyholder has an option to surrender any time during the lock-in period. Upon receipt of request for surrender, the fund value, after deducting the applicable discontinuance charges, shall be credited to the discontinued policy fund.

The minimum guaranteed return on discontinued policy fund is 4.0% per annum (or as mandated by IRDAI from time to time). The excess income earned in the Discontinuance Policy Fund over and above the minimum guaranteed interest rate shall also be apportioned to the Discontinuance Policy Fund in arriving at the proceeds of the discontinued policies and shall not be made available to the shareholders. In case the Life Insured dies during the period of discontinuance, the Company shall pay the Fund Value as on the date of intimation of death.

During the period of discontinuance of the policy, the Policyholder shall not be allowed to exercise Switches or Partial Withdrawals.

A.1 The Revival Period

In case you have chosen the option in writing to revive the policy within three years (as per the above), you will have the Revival Period of three years from the Date of Discontinuance to revive your policy.

The revival of the Policy will, however, be subject to the following conditions:

- The Policyholder giving the Company a written request to revive the Policy
 - The Life Insured producing evidence of insurability at his/her own cost as required as per the Board approved underwriting Policy of the Company; and
 - The Policyholder paying the Company all overdue contractual premiums.
- a. Where the policyholder revives the policy, the policy shall be revived restoring the risk cover, along with the investments made in the funds as chosen by the policyholder, out of the discontinued fund, less the applicable charges, as described below, in accordance with the terms and conditions of the policy.
- b. At the time of revival:
- i. We shall collect all due and unpaid premiums without charging any interest or fee.
 - ii. We shall levy policy administration charge and premium allocation charge (if any) as applicable during the discontinuance period. The applicable policy administration charges shall be levied on revival by cancelling Units in the Unit Account at their NAV. No other charges shall be levied.
 - iii. We shall add back to the fund, the discontinuance charges deducted at the time of discontinuance of the policy.
 - iv. The amount of premium paid on revival, less any Premium Allocation Charge (if any) attributable to the premium paid on revival, and according to the ratio in which the premium should be allocated in various Funds, as specified by the Policyholder at inception or last premium redirection date (if any), whichever is later, will be used to purchase Units at the NAV determined as on the date of revival

B) In case of Discontinuance of payment of premium post first five policy years (i.e. after the expiry of the Lock-in Period)

- i. Upon expiry of the grace period, in case of discontinuance of policy due to non-payment of premium after lock-in period, the policy shall be converted into a reduced paid up policy with the paid-up sum assured, where paid-up sum assured is

Wealth (Variant 1) and Wealth Whole Life (Variant 2) Variants:

Sum assured on death multiplied by a ratio of “total period for which premiums have already been paid” to the “maximum period for which premiums were originally payable”

Gold (Variant 3), Platinum (Variant 4) and Titanium (Variant 5): Sum of the following benefits

- Lump Sum Benefit: Higher of Sum Assured chosen at inception (or annualised premium chosen at inception times cover multiple) or 105% of the total premiums paid up to the date of death, multiplied by a ratio of “total period for which premiums have already been paid” to the “maximum period for which premiums were originally payable”; plus
- Family Income Benefit, if any (applicable for Gold & Platinum Variants only): A Family Income Benefit equal to 1% of Sum Assured chosen at inception (or annualized premium chosen at inception times cover multiple) will be paid each month starting from the policy anniversary date of every month following or coinciding with the date of the death till the end of the policy term (including the payout at the maturity date), subject to a minimum of 36 monthly payments and a maximum of 120 monthly payments multiplied by a ratio of “total period for which premiums have already been paid” to the “maximum period for which premiums were originally payable”; plus
- Funding of Premium, if any: X times (where X=1,2 or 3 for Gold, Platinum & Titanium Variants respectively) of all future outstanding premiums as and when due under the policy multiplied by a ratio of “total period for which premiums have already been paid” to the “maximum period for which premiums were originally payable.”

This is as per the terms and conditions of the policy. The policy shall continue to be in reduced paid-up status without rider cover, if any. All applicable charges as per the terms and conditions of the policy may be deducted during the revival period. However, the mortality charges on death benefit shall be deducted based on the reduced paid-up sum assured and paid-up Family Income Benefit only.

- ii. On such discontinuance, we shall communicate the status of the policy, within three months of the first unpaid premium, to the policyholder and provide the following options:
 - 1) To revive the policy within the revival period of three years, or
 - 2) Complete withdrawal of the policy without any risk cover.
 - iii. In case the policyholder opts for revive the policy, within the revival period of three years, but does not revive the policy during the revival period, the fund value shall be paid to the policyholder at the end of the revival period.
 - iv. In case the policyholder does not exercise any option as set out above, the policy shall continue to be in reduced paid up status. At the end of the revival period the proceeds of the policy fund shall be paid to the policyholder and the policy shall terminate.
 - v. However, the policyholder has an option to surrender the policy anytime by advising the company in writing and proceeds of the policy fund shall be payable.
- b. In case of Single Premium Policies, the policyholder has an option to surrender the policy any time. Upon receipt of request for surrender, the fund value as on date of surrender shall be payable

B.1 The Revival Period after Lock in period

In case you have chosen the option to revive the Policy within three years, you will have a revival period of three years from the date of first unpaid premium to revive the policy:

The revival of the Policy will, however, be subject to the following conditions:

- The Policyholder giving the Company a written request to revive the Policy; and
 - The Life Insured producing evidence of insurability at his/her own cost as required as per the Board approved underwriting Policy of the Company; and
 - The Policyholder paying the Company all overdue contractual premiums.
- a. Where the policyholder revives the policy, the policy shall be revived restoring the original risk cover in accordance with the terms and conditions of the policy.
 - b. Axis Max Life Insurance, at the time of revival:
 - i. shall collect all due and unpaid premiums under base plan without charging any interest or fee. The rider, if any, may also be revived at the option of the policyholders.
 - ii. shall levy premium allocation charge as applicable.
 - iii. No Other charges shall be levied.

The amount of premium paid on revival, less any Premium Allocation Charge attributable to the premium paid on revival, and according to the ratio in which the premium should be allocated in various Funds, as specified by the Policyholder at inception or last premium redirection date (if any), whichever is later, will be used to purchase Units at the NAV determined as on the date of revival.

TERMINATION OF POLICY

This policy shall terminate immediately upon the earlier of the following events:

- on the date of Free look cancellation;
- on payment of Death Benefit or on the date of intimation of repudiation of claim in accordance with the terms of the Policy.
- on the date of Surrender of the Policy after the Lock-in Period;
- on the Maturity Date, except in cases where Settlement Option has been exercised;
- on the Date of end of Lock-in period / Revival Period, whichever is later, in case of Discontinuance of Premium within 5 years, provided the Policy is not revived during the Revival Period
- In case of the policyholder has chosen the Settlement Option, on receipt of request of complete withdrawal during settlement period or on the expiry of the settlement period.
- If at any time during the Policy Term, the Fund Value equals to or is less than zero, the policy shall terminate, even if all the due premiums have been paid and the discounted value of charges that were to be returned upon maturity and specified policy year will be payable. The interest rate used to calculate the discounted value shall be 6.05% p.a.
- If any time during the settlement period, the Fund Value equals to or is less than zero, the policy shall terminate, even if all the due premiums have been paid and no other benefit will be payable

CHARGES UNDER THE POLICY

The charges specified below are guaranteed and shall not change during the policy lifetime.

1. Premium Allocation Charge

Nil.

2. Policy Administration Charge (All Years)

The policy administration charge (as a percentage of annualized/single premium) will be deducted as below, subject to a capping of Rs. 500 per month.

This is a charge levied as a percentage of the value of assets and shall be appropriated by adjusting the Net Asset Value (NAV). The rate to be levied will be equal to the annual rate, as given above, divided by 365 and multiplied by the number of days that have elapsed since the previous unit valuation date.

4. Mortality Charge

The charge will be levied on the basis of 'Sum at Risk' on every monthly anniversary by canceling units from the unit account. The mortality charge on death benefit will be on an attained age basis of the life insured over the duration of the contract.

Sum at Risk (SAR) for all the variants under the product is defined as follows:

- **Wealth (Variant 1) and Wealth Whole Life (Variant 2) Variants:**

Max (Max (Sum Assured on death, 105% of total premiums paid) less applicable partial withdrawals less Total Fund Value, 0)

- **Gold (Variant 3), Platinum (Variant 4) and Titanium (Variant 5) Variants:**

The sum at risk for these plan variants are defined as the sum of following:

- Higher of (Sum Assured chosen at inception (or premium chosen at inception times cover multiple) or 105% of total premiums paid till the date of death); plus
- Present value of 'Family Income Benefit' (applicable for Gold and Platinum variants only); plus
- Present value of future X times 'Funding of Premium' (where X=1,2 & 3 for Gold, Platinum & Titanium variant respectively) benefit payable. Please note the present value of these benefits will be calculated at a discount rate of 6.05% p.a.

- **Settlement Period:**

Max (105% of total premiums paid – Total Fund Value, 0)

Please note that the 'applicable partial withdrawals' mentioned above refers to all the partial withdrawals (including Smart Withdrawals) made during the two years' period immediately preceding the date of calculation of sum at risk.

5. Surrender / Discontinuance Charge

This charge shall be levied on the Fund Value at the time of Discontinuance of Policy or effecting Complete Withdrawal (Surrender) whichever is earlier, as per the following table. This charge is expressed as the lower of (X% of Annualized premium, X% of Fund Value, 'Y' fixed rupee amount) where X and Y vary according to the year of premium discontinuance/surrender.

TERMS AND CONDITIONS

We urge you to read this prospectus and the benefit illustration, understand the plan details, how it works and the inherent risks involved before you decide to purchase this policy.

Unit Price/Net Asset Value (NAV)

The Fund Value of the policy is determined basis the market value at which the underlying assets can be purchased or sold, together with the addition (cost of purchasing) or deduction (cost of selling) plus the value of current assets, any accrued income net of Fund Management Charges less the value of current liabilities, provisions, if any.

The Unit Price shall be determined on each Valuation Date. The Unit Price in respect of each Fund will be determined by dividing the value of the Fund with the number of Units on the Valuation Date subject to rounding up or down by not more than 1% of a Rupee.

In respect of premiums received up to 3:00 p.m. under a local cheque or a demand draft payable at par or by way of cash or any other mode as prescribed by the Company from time to time, the closing NAV of the day on which the premium is received shall be applicable. In respect of premiums received after 3:00 p.m., the closing NAV of the next business day shall be applicable. For the sake of clarity, only the amount of due premium shall be applied on the date of receipt of such premium but not before the due date of respective due premium.

In respect of premiums received under outstation cheques / demand drafts, the closing NAV of the day on which the cheques / demand draft is realized shall be applicable.

All requests for Revival, Switch, redirection or partial withdrawal received up to 3:00 p.m. will be processed at the closing NAV of the day on which the request is received. All such requests received after 3:00 p.m. will be processed at the closing NAV of the next business day.

In case of a non-working day for the Company or markets, the next working day's NAV shall be applicable for all purposes.

The NAV shall be declared for the last business day of the quarter end, even if it is a non-business day.

Suicide Exclusion: In case of death due to suicide within 12 months from the date of commencement of the policy or from the date of revival of the policy, as applicable, the nominee or beneficiary shall be entitled to the fund value, as available on the date of intimation of death. Further any charges other than Fund Management Charges (FMC) recovered subsequent to the date of death shall be added back to the fund value as available on the date of intimation of death.

Free Look:

Free Look" means a period of thirty (30) days beginning from the date of receipt of the policy document, whether received electronically or otherwise, to review the terms and conditions of the policy. If the policyholder disagrees to any of the policy terms or conditions, or otherwise and has not made any claim, the policyholder shall have the option to return the policy for cancellation, stating the reasons for the same.

Irrespective of the reasons mentioned, the Policyholder shall be entitled to a refund of the premium paid subject only to a deduction of proportionate risk premium for the period of cover and the expenses, if any, incurred by the Company on medical examination and stamp duty charges.

In addition to the deductions above, the Company shall repurchase the units at the Net Asset Value (NAV) of the units on the date of cancellation.

Health Management Services:

Under this benefit, policyholder will have the option to take Health Management Services such as medical second opinion, medical consultation, discounts on medicines from the service providers registered with the company.

Grace Period: A Grace Period of thirty (30) days from the premium due date; fifteen (15) days in case of Monthly mode for payment of each premium will be allowed. The insurance coverage continues during the Grace Period.

Force Majeure

1. Axis Max Life Insurance shall declare a 'Single' Net Asset Value (NAV) for each segregated fund on a day-to-day basis.
2. Axis Max Life Insurances shall specify that, in the event of certain force majeure conditions, the declaration of NAV on a day-to-day basis may be deferred and could include other actions as a part of investment strategy (e.g. taking exposure of any Segregated Fund (SFIN) up to 100% in Money Market Instruments.
3. Axis Max Life Insurance shall include the following as a part of force majeure clause in the policy document to be signed by the Policyholder:
 - a. Axis Max Life Insurance shall value the Funds (SFIN) on each day for which the financial markets are open. However, the Axis Max Life Insurance may value the SFIN less frequently in extreme circumstances external to the Axis Max Life Insurance i.e. in force majeure events, where the value of the assets is too uncertain. In such circumstances, Axis Max Life Insurance may defer the valuation of assets for up to 30 days until Axis Max Life Insurance is certain that the valuation of SFIN can be resumed.

- b. Axis Max Life Insurance shall inform IRDAI of such deferment in the valuation of assets. During the continuance of the force majeure events, all request for servicing the policy including policy related payment shall be kept in abeyance.
- c. Axis Max Life Insurance shall continue to invest as per the required fund mandates. However, Axis Max Life Insurance shall reserve its right to change the exposure of all or any part of the Fund to Money Market Instruments in circumstances mentioned under points (a and b) above. The exposure of the fund as per the required fund mandates shall be reinstated within reasonable timelines once the force majeure situation ends.
- d. Few examples of circumstances as mentioned [in point 3 (a & b) above] are:
 - i. when one or more stock exchanges which provide a basis for valuation of the assets of the fund are closed otherwise than for ordinary holidays.
 - ii. when, as a result of political, economic, monetary or any circumstances which are not in the control of the Axis Max Life Insurance, the disposal of the assets of the fund would be detrimental to the interests of the continuing Policyholders.
 - iii. in the event of natural calamities, strikes, war, civil unrest, riots and bandhs.
 - iv. in the event of any force majeure or disaster that affects the normal functioning of the Axis Max Life Insurance.
- e. In such an event, an intimation of such force majeure event shall be uploaded on the Axis Max Life Insurance's website for information.

Full Disclosure & Incontestability

We draw your attention to Section 45 and statutory warning under Section 41 of the Insurance Act 1938, as amended from time to time – which reads as follows:

Section 45 of the insurance Act, 1938 as amended from time to time states that:

- (1) No policy of life insurance shall be called in question on any ground whatsoever after the expiry of three years from the date of the policy, i.e. from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy whichever is later.
- (2) A policy of life insurance may be called in question at any time within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground of fraud:

Provided that the insurer shall have to communicate in writing to the insured or the legal representatives or nominees or assignees of the insured the grounds and materials on which such decisions are based.

Explanation I – For the purposes of this sub-section, the expression “fraud” means any of the following acts committed by the insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance policy:

- a) the suggestion, as a fact of that which is not true and which the insured does not believe to be true;
- b) the active concealment of fact by the insured having knowledge or belief of the fact;
- c) any other act fitted to deceive; and
- d) any such act or omission as the law specially declares to be fraudulent.

Explanation II – Mere silence as to facts likely to affect the assessment of the risk by the insurer is not fraud, unless the circumstances of the case are such that regard being had to them, it is the duty of the insured or his agent, keeping silence to speak, or unless his silence is, in itself, equivalent to speak.

- (3) Notwithstanding anything contained in sub-section (2) no insurer shall repudiate a life insurance policy on the ground of fraud if the insured can prove that the mis-statement of or suppression of a material fact was true to the best of his knowledge and belief or that such mis-statement of or suppression of a material fact are within the knowledge of the insurer:

Provided that in case of fraud, the onus of disproving lies upon the beneficiaries, in case You are not alive.

Explanation – A person who solicits and negotiates a contract of insurance shall be deemed for the purpose of the formation of the contract, to be the agent of the insurer.

- (4) A policy of the life insurance may be called in question at any time within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground that any statement of or suppression of a fact material to the expectancy of the life of the insured was incorrectly made in the proposal or other document on the basis of which the policy was issued or revived or rider issued:

Provided that the insurer shall have to communicate in writing to the insured or the legal representatives or nominees or assignees of the insured the grounds and material on which such decision to repudiate the policy of life insurance is based:

Provided further that in case of repudiation of the policy on the ground of misstatement or suppression of a material fact, and not on the ground of fraud, the premiums collected on the policy till the date of repudiation shall be paid to the insured or the legal representatives or nominees or assignees of the insured within a period of ninety days from the date of such repudiation

Explanation – For the purposes of this sub-section, the mis-statement of or suppression of fact shall not be considered material unless it has a direct bearing on the risk undertaken by the insurer, the onus is on the insurer to show that had the insurer been aware of the said fact no life insurance policy would have been issued to the insured.

- (5) Nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal.

Prohibition of Rebates: Section 41 of the Insurance Act, 1938, as amended from time to time, states:

1. No person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take or renew or continue an insurance in respect of any kind of risk relating to lives, or property, in India, any rebate of whole or part of the commission payable or any rebate of the premium shown on the policy, nor shall any person taking out or renewing or continuing a policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectuses or tables of insurer.
2. Any person making default in complying with the provisions of this section shall be punishable with fine which may extend to ten lakh rupees.

Nomination

Nomination shall be applicable in accordance with the provisions of Section 39 of the Insurance Act, 1938, as amended from time to time.

Assignment

Assignment shall be applicable in accordance with provisions of Section 38 of the Insurance Act 1938, as amended from time to time.
